Cabin #5

How to use the Fireplace (Turned off April 1 – October 1)

Fireplace DAS International Mini Hearth Model# VMH3000TPA Serial# 9152448

For the gas fireplace there is a knob under the access panel on the top of the fireplace. Do not turn the knob to Off; we might not be able to relight the pilot light if you turn it off. For flame control, just turn the knob up or down (LO to HI). There is \$75 relight fee if you turn off the fireplace.
